

DzBh DZ® 4307

Thermoplastic Elastomer

Styrene-Butadiene Block Copolymer

Brief Introduction

DzBh DZ® SBS DZ-4307 is a linear styrene/butadiene block copolymer.

Specification

Characteristic of DZ® SBS DZ-4307

Property	DZ-4307
Appearance	Visual
Styrene Content, %	36-40
Melt Flow, g/10min. (200°C, 5kg)	11-21
Ash, %	<0.1
Volatile matter	<0.5

Note: Values are typical unless otherwise specified.

Packaging

DZ® SBS DZ-4307 is available with the form of pellet and packed in 25kg paper bags.

Applications

DZ® SBS DZ-4307 could be used in adhesives.
