

D.E.R.™ 3274

Please use this Technical Data Sheet (TDS) in conjunction with this product's country-specific Safety Data Sheet (SDS) and the Safe Use conditions as described therein. Current Safety Data Sheets can be requested from Olin at info@olinbc.com

Description D.E.R.™ 3274 Epoxy Resin is a bisphenol-A based liquid epoxy resin modified with a di-functional reactive diluent, 1,4-butanediol diglycidyl ether.

Benefits D.E.R.™ 3274 has a reduced viscosity from the reactive diluent, which only moderately affects the thermal properties of the cured resin system. This resin can be used in fiber reinforced plastic molding processes, where low viscosity is required, such as Resin Transfer Molding (RTM) and Resin Infusion Molding (RIM). D.E.R. 3274 Liquid Epoxy Resin is compatible with standard liquid epoxy resins and can be blended with them in any ratio.

Applications

- Castings / Potting / Encapsulation / Tooling
- Composites
- Industrial Coatings: Marine and Protective

Properties	Nominal Value (English)	Nominal Value (SI)	Test Method
EEW	160 to 180 g/eq	160 to 180 g/eq	ASTM D1652
Viscosity, absolute (77°F (25°C))	1300 to 1500 mPa·s	1300 to 1500 mPa·s	ASTM D445
Colour (Max. Pt-Co., Solution)	100	100	ASTM D1209

Notes

These are typical properties only and are not to be construed as specifications. Users should confirm results by their own tests.

Product Stewardship

Olin Corporation has a fundamental concern for all who make, distribute, and use its products, and for the environment in which we live. This concern is the basis of our Product Stewardship philosophy by which we assess the health and environmental information on our products and then take the appropriate steps to protect employee and public health and the environment.

Olin encourages its customers and potential users of Olin products to review their applications for such products from the standpoint of human health and environmental quality. To help ensure that Olin products are not used in ways for which they were not intended or tested, Olin personnel are available to assist customers in dealing with ecological and product safety considerations. Your Olin sales representative can arrange for the proper contacts.

Regulatory Datasheets (RDS)

Olin Corporation provides information on the regulatory status of its products under prominent regulatory programs in the Regulatory Datasheet (RDS). Regulatory Datasheets can be requested from Olin at info@olinbc.com
