

InCal[®] 7

InCal[®] 7 is a remarkably pure and highly engineered untreated ground calcium carbonate product with specifications designed to ensure performance in a wide array of applications including: paint, rubber compounds, adhesives and sealants.

Chemical Composition		
Attribute	Value	Method
% CaCO₃	99.3 %	XRF
% Acid Insoluble Fraction	0.3 %	XRF
Typical Particle Size Distribution		
Median	7.5 μm	Malvern – Aqueous
Topcut	45 μm	
Color		
Brightness	93	Hunter L*
