

INKS & COATINGS

ROYALE BLACK NuTONE™ 313

PRODUCT PROFILE

NuTone 313 is a general purpose carbon black. It has better jetness with good dispersibility. It is primarily designed considering the high jetness requirement for fertilizer coating, leather coating and printing inks applications.

NuTone 313 is a high structure general purpose powder pigment black with good covering power and can also be used for adhesives, sealants and other applications like aqueous newspaper printing inks and a broad field of liquid ink applications. It is also suitable for PVC compounding application.
