

TECHNICAL DATA SHEET

PRODUCT DESCRIPTION

Date: October 14, 2022

PRODUCT NAME: BL20-X
TYPE: CHROMASHINE®

PRODUCT SPECIFICATION

Characteristics	Typical value	Unit	Test Method
Screen analysis >45μ	0.5 Max	%	Wet screen
Color	In Accordance with our standard		Drawdown

INDICATIVE VALUES

Characteristics	Typical value	Unit	Test Method
Non-volatile composition			
Aluminium flake	63 App.	%	
Silicon dioxide	27 App.	%	
Silver	9 App.	%	
Tin oxide	1 App.	%	
Particle size D50	20	μm	Microtrac
Specific gravity	2.6	g/cm ³	by calculation

SHELF LIFE

60 months from production date

ASSOCIATED SAFETY DATA SHEET

Refer to safety data sheet - SDS BL20-X

The data given in this technical data sheet are in accordance with the current status of our knowledge and experience. Technical details and information on our products are given as technical quality description and do not imply guaranteed properties in the legal sense. We reserve the right to modify any product data as a result of technical progress or new developments in the manufacturing process.
