

TECHNICAL DATA SHEET

PRODUCT DESCRIPTION

Date: May 18, 2022

PRODUCT NAME: NME005N1
TYPE: Aluminium Pellet: METAX NEO

PRODUCT SPECIFICATION

Characteristics	Typical value	Unit	Test Method
-----------------	---------------	------	-------------

INDICATIVE VALUES

Characteristics	Typical value	Unit	Test Method
Volatile content		%	by Weight
Non-volatile composition			
Aluminium flake	70 App.	%	
Polyethylene	30 App.	%	
Specific gravity	1.7	g/cm3	by calculation

SHELF LIFE

12 months from production date

ASSOCIATED SAFETY DATA SHEET

Refer to safety data sheet - SDS NME005N1

The data given in this technical data sheet are in accordance with the current status of our knowledge and experience. Technical details and information on our products are given as technical quality description and do not imply guaranteed properties in the legal sense. We reserve the right to modify any product data as a result of technical progress or new developments in the manufacturing process.
