

TECHNICAL DATA SHEET

PRODUCT DESCRIPTION

Date : September 26, 2011

PRODUCT NAME : ALPATE XI 1227

TYPE : Aluminium paste - Non leafing

PRODUCT SPECIFICATION

Characteristics	Typical value	Unit	Test method
Non volatile content	64,00 Min 67,00 Max	%	Toyal n°49
Screen analysis 45 µm	0,20 Max	%	Toyal n°15
Colour	In accordance with our standard		Toyal n°119 + 191

INDICATIVE VALUES

Characteristics	Typical value	Unit	Test method
Volatile content	36,00 Max	%	Toyal n°49
Solvent	Mineral spirit and light aromatic solvent		
Non volatile composition	Aluminium flake and fatty acids		
Average particle size	15,50	µm	Toyal n°196 Malvern Mastersizer
Specific gravity	1,50	g/cm3	by calculation

SHELF LIFE

12 months (from production date)

ASSOCIATED SAFETY DATA SHEET

Refer to safety data sheet - MSDS code : Alp Ws/N

The data given in this technical data sheet are in accordance with the current status of our knowledge and experience. Technical details and information on our products are given as technical quality description and do not imply guaranteed properties in the legal sense. We reserve the right to modify any product data as a result of technical progress or new developments in the manufacturing process.
